

**Assure top performance with  
STIHL long guide bars.**

## Only STIHL guide bars are specifically designed to match the cutting characteristics of STIHL chain saws.

STIHL is the only manufacturer of chain saws worldwide producing its own guide bars and saw chains. The 3/8" and .404" STIHL Rollomatic® ES long guide bars consist of a solid and remarkably rigid body with a replaceable sprocket nose. Designed for the most demanding jobs, it is primarily used on professional saws. Available as wider or narrower nose guide bars.

| Length:                           | 3/8" - .050" gauge               |                                | 3/8" - .063" gauge               |                                | .404" - .063" gauge              |                                |
